# **Australian Migration & Education Solutions - Study in Australia - Home**

By making the information we have gathered over the years available through this web site we are not only assisting our current clients, we also hope that it will convince you, if you are a visitor to the site, that we can help you too. If you believe AMES can assist you, we hope you will consider appointing us as your Education Agent.

But why not "play it safe" and try us out first: send us your details by completing our Information Form. We will reply to you with some basic information which will help you get a better sense of what Australia can offer you personally.

If you are willing to pay us a Consultation Fee of just US\$ 100, which is fully reimbursed when you appoint us as your Education Agent, you will.....

But don't make up your mind rightaway. Have a good browse around our site to get a feel for what we are like!
