# **Sydney - Important Complexes And Wonderful Seashores**

Sydney, the oldest city in Australia, is a stylish metropolitan city as well as a hub for culture, art, fashion, food and more. It's also surrounded by some of the most beautiful natural landscapes on Earth, including seemingly endless stretches of sandy beaches, making it a top pick for any vacationer. If you are trying to find a vacation spot that offers a combination of stunning beaches and lively city culture, look into Sydney. Just don't forget that you'll have to get a passport first, but all you'll need to do is fill out a [US passport application form](#).

If you don't already have a passport, filling out a passport application online is the quickest and easiest way to get a passport before a trip. Online expediting sites offer official forms that you can fill out and submit online. You also get to choose when you'd like your passport delivered, making it an ideal option for emergency passport renewal or last-minute trips.

It can be difficult to choose where to start while you're in Sydney. If you're stuck, head to Sydney Harbor because it's full of iconic Australian imagery and interesting landmarks. A great way to see them all is on a ferry or even a harbor cruise. Once you see the Sydney Opera House, you will instantly recognize it. The Opera House is also a UNESCO World Heritage Site. While you're in the harbor, take a tour of the Opera House, and if you can, try to attend one of the shows. If you are looking to do a little shopping, head to the Strand Arcade which features plenty of stores and beautiful Victorian architecture. Also swing by the Queen Victoria Building, and head to the top of Sydney Tower - the tallest in Sydney - for some great views. The Royal Botanical Gardens is a great pit-stop if you need to get away from the hectic harbor for a little.

The Rocks is another great spot to spend some time in during your stay in Sydney. This area is more historical than the busy harbor, and it's also where you'll find Sydney Bridge, another very recognizable landmark in Sydney. From this bridge, you can get famously beautiful views that allow you to see the whole harbor. If you want even better views, you can climb the bridge pylon or the arch. Don't miss the cute parks at each end of the bridge, as well as Cadman's Cottage, which was constructed in 1815 and has served as an important building ever since.

You definitely cannot miss out on Sydney's famous beaches. Coogee Beach is one of the most beautiful beach areas around, and it's a great place to spend a day thanks to the pretty beaches, quiet parks, and variety of shopping and eating opportunities around. Be sure to check out the historic swimming baths, which are basically walled-off sections of oceans where people can swim. Wylie's Bath is one of the best.

As you might imagine, there is so much to do and experience in Sydney, partially thanks to its status as the oldest city in Australia. Do a quick search to help you decide on the best itinerary possible, and don't forget to fill out your pasport application form while you're online. With such quick delivery, [emergency U.S. passport renewal](#) and more is a breeze.
